Description

his 2021 Lamborghini Huracan is offered with full service history. The Huracan V10 LP 610-2 EVO is a stylish coupe with a 5.2L petrol engine and Euro 6 emissions class. Security is enhanced with an anti-theft alarm, while the ride is enhanced with 20in Narvi forged silver alloy wheels. The interior is refined with floor mats featuring leather piping and double stitching. The yellow painted brake calipers add a splash of colour to the carbon ceramic brakes. The acceleration of 0-62mph in 3.3 seconds indicates how this vehicle delivers superior performance compared to similar models.
